

Nature Walk BINGO Instructions

Get ready to explore and discover the wonders of nature, whether you're outdoors 🌳 or playing indoors 🏠. Follow these simple steps to play and have fun:

WHAT YOU NEED:

- 24 different Nature Walk BINGO cards (downloadable PDF from our website)
- A marker or pen for each player ✎
- If playing indoors, a basket can be used to hold the artificial items 🍲
- Collect all items found on the cards by visiting local craft stores, or online.
- Small nature-related gifts for winners (optional) 🎁

HOW TO PLAY:

1. Distribute the BINGO Cards:

- Each player gets one BINGO card. Make sure everyone has a different card!
- If you have more than 24 players, some kids will have duplicate cards. The download is meant for 24 or fewer players.
- Each card has a free space that can be marked off at any time.

2. Outdoor Nature BINGO:

- As you walk 🚶, look for the nature items listed on your BINGO card.
- When you spot an item, mark the square on your card.
- Discuss various items to share how they fit into our world 🌍.
- Safety Note: Children should never touch or taste any items in nature without speaking to an adult 👤.

3. Indoor Nature BINGO:

- If playing indoors, a basket can be used to hold the various items 🍲.
- Take turns drawing an item from the basket or container.
- If the item matches one on your BINGO card, mark the square.

4. Winning the Game:

- The first player to mark five squares in a row (horizontally, vertically, or diagonally) shouts "BINGO!" and wins 🎉.
- Optionally, you can play a "Cover-All" game where the winner is the first to mark all squares on their card.

5. Prizes:

- Award small nature-related gifts 🎁 to the winners to make the game even more exciting for the kiddos.

Remember, the goal is to have fun and learn about nature! Happy exploring! 🌿🐞
